### **9. TO CONFIRM AND AGREE THE REFURBISHMENT COMPLETION**

During a tour of the refurbishment park with the Proludic representative, the following issues were raised:

- i) Access from the gate near the children's swings needs improving;
- ii) There is a trip hazard on one of the mounds;
- iii) The gap under the play panels and at each end of the play area are high enough for a dog to get under.

Proludic agreed to offer some suggestions for the access, to correct the trip hazard and to quote for timber posts to be placed to fill the gaps under the fencing.

There are only two stockades around the story telling area but three were shown in the quotation. The Clerk agreed to check the invoice to see if Proludic has charged for two or three.

It was agreed to send an email to Proludic with the above issues.

Other comments/advice were:

- i) If cracking appears in the timber of the climbing net and they become bigger than 8mm Proludic need contacting;
- ii) The mushrooms could be being treated with a suitable oil;

- iii) To replace the existing bin at the side of the path and site near the bench.
- iv) To plant daffodil bulbs along the side of the new path and around the story telling area;
- v) To ask the gardener to provide a quotation for strimming inside the railings and to suggest suitable plants to go around the story telling area;
- vi) To look at the Deeds to see if the Parish Council owns the land beyond the end of the new footpath.
