Dear Sir/Madam,

High Street, Barrow upon Soar – Zebra Crossing upgrade to Signalled Puffin Crossing.

I am writing to advise you of an upcoming scheme to convert the Zebra crossing near to the Co-op store entrance to a Signalled Puffin Crossing on behalf of Leicestershire County Council at the above location.

The main scheme will be constructed w/c 12th April to 28th April 2021. However, a temporary road closure is required on High Street on Sunday 28th February 2021 for 1 day. The Temporary Traffic Regulation Order will be implemented for public safety to allow Leicestershire County Council to carry out some advanced roadworks installing new signal ducting across the carriageway.

The proposed alternative diversion route will be via :- South Street, Melton Road, Fishpool Way, Nottingham Road and North Street. Businesses will be open as usual, where allowed under current Government restrictions.

A further temporary road closure is required on Sunday 25th April for 1 day to allow contractors to safely resurface the carriageway and existing speed table as well as carry out lining works for the Puffin Crossing.

When main scheme is constructed between w/c 12th April to 28th temporary traffic signals will be required to manage traffic so that contractors can carry out the work safely. Pedestrians will be provided with temporary pedestrian crossing facilities. It is inevitable that some inconvenience will be caused, however we will endeavour to keep any delays to a minimum.

Pedestrian access is to be maintained however if you have any disability and you feel that the proposed works are likely to cause you access difficulties; please let us know so that we can assess the situation.
